

6A09 Side Bracket

The 6A09 Side Bracket was designed to mount two Model 6A02 Modular Racks into a standard 19" instrument rack. The 6A09 can also be used with Model 6A10 Expander Side Bracket to mount just one 6A02 Rack into a 19" instrument rack. Made from heavy gauge steel, it provides the required support for in-rack mounting.
